

SC-1

*Fastenerless Snap-In, Multiple size
and style Actuator Choices*

SAFE AND SECURE

- Includes an aggressive stile snap mechanism that automatically engages deep into the window stile to guarantee that the latch is there to stay

OUTSTANDING PERFORMANCE

- Continuous .090" rail that wraps around the latch housing to prevent the risk of failure under structural load
- Eliminates the need for screw fastening

TOUGH AND DURABLE

- Made from a high performing nylon material to deliver a tough and durable latch
- Corrosion resistant stainless steel spring

EXCEPTIONAL LOOK AND OPERATION

- Ergonomically designed to deliver a smooth quality feel, with easier and quieter operation for the end-user
- Improves window aesthetics with its streamline, flush-to-sash appearance

PLENTY OF OPTIONS

- Fits a majority of window styles with the choice of 12 latches and 2 housing styles that perfectly fit your window requirements
- The choice 5 plastic and 4 metal actuators to customize the look of your window
- Offered in all the popular industry colors and finishes
